

2025 ALYB 6U Division Coach and Parent Guide

Overview

The ALYB 6U division is a learning division and is designed to introduce young players to the game of baseball. The children will play time-limited games on a smaller field with simplified rules. This will help ensure that children have fun and at the same time, maximize their learning opportunities. No score is kept in this division.

For 2025 the 6U Division is formed by players that do not attain the age of 7 on or before April 30, 2025.

Gameplay

The Home team shall line the field and set up the pitching machine if scheduled for the first game of the evening. The batter's box does need to be marked. The Visiting team shall take down the pitching machine if scheduled for the last game of the evening.

Managers and coaches may be on the field for instructional purposes but shall not touch a live ball. At least one adult manager or coach must be in the dugout at all times.

Teams may start and finish a game with any number of players.

All rostered players shall bat in an inning. No player will be permitted to bat more than once in an inning. The batting order will remain the same throughout the game. The offensive side has completed their half inning when all players on the roster have batted one time.

All players on the roster are to be given a defensive position. No player may occupy the pitcher or catcher's position (a coach will feed the pitching machine, and a coach will be positioned near the batter to aid the hitter and to return baseballs to the coach operating the pitching machine).

The pitching machine shall be fed by the batting team's coach using the soft baseballs provided by the league. The speed of the pitching machine is suggested to be 25 miles per hour for all games. If the pitching machine is inoperable, a coach may pitch to their own team. A batter shall use the hitting tee after failing to hit a fair ball after four (4) pitches have been delivered by the pitching machine. At the coach's discretion, the batter shall be declared out if they cannot hit the ball off the tee after three attempts. The ball used will be the safety/soft baseballs.

No strikeouts will be permitted. The ball is considered foul if the batter hits the tee with the bat.

A batted ball that strikes the pitching machine or the coach feeding the machine is a dead ball. Award the batter and runners bases as deemed appropriate.

Base runners shall stay in contact with the base until the ball is hit.

Players will not swing a bat in or near the bench area.
